

DAILY GAZETTE

TUESDAY, JUNE 28, 1931.

GAZETTE CLEANINGS.

There were a large number of traveling men in the city over Sunday.

There is no denying the fact that it is hot here, but people from the Southern country come here to cool off.

Workmen will to-day begin laying water pipe to supply the fountain that is to be erected in the little square adjoining the Depot Hotel.

Taxpayers must pay taxes before August 1st, under a penalty of twenty-five per cent increase. So says Sheriff Romero in another column.

There were two runaways at the depot yesterday forenoon. In one instance a boy was thrown to the ground and considerably shaken up.

A. O. Robbins picked up a little three year old boy on the street yesterday who had strayed away from home, and kindly cared for him until he was reclaimed.

A gentleman who has just returned from El Paso states that he saw a letter from Wells, Fargo & Co. stating that they had \$100,000 ready to build reduction works in this city.

There has been a change in the runs of baggage men on the southern division. Beginning with yesterday they commenced running from Vegas to Deming and return, 726 miles in all.

The train from the east did not arrive till 8:30 last evening. The delay was occasioned by the burning of several bents in a long bridge, near Thatcher station, forty miles north of Trinidad.

Friends and fellow citizens: Don't stay away from the fair Wednesday and Thursday evenings on account of high prices, for we expect to sell our goods and have marked them accordingly.

A meeting will be held to-night at Hilario Romero & Bros. store, for the purpose of making arrangements for the Fourth of July celebration. All parties interested are requested to be present.

The eighteen month old daughter of Charlie Lindsey, yard master of the A. T. & S. in this city, died yesterday morning after a sickness of thirteen days. The funeral took place in the afternoon.

The following telegram to a gentleman in this city will prove of interest to wool growers: "Philadelphia, June 26.—Your wool, twenty-eight to thirty cents, market almost bare, strong and advancing."

Dan Morrow yesterday sold his lot and two story house on Railroad avenue in east Vegas, for the sum of \$1,200. Mr. Cully was the lucky purchaser. J. J. Fitzgerald, the live real estate agent, negotiated the sale.

Mr. Lahey will be obliged to paint the fence around the Depot Hotel "park," at once. The railroad on the platform is at present a "tramps' register," and everyone who passes along feels called upon to scratch down his name.

Friends of the Las Vegas Academy should not forget the public exhibition to be given by the pupils this evening at Baca Hall. The hour set for the opening of the exhibition is 8 o'clock, and Prof. Ashley being a methodical man will certainly open the exercises at 8 o'clock sharp.

Jefferson Reynolds Esq. left for El Paso Sunday to be present at the opening of the First National Bank yesterday morning. The new bank started off well and Mr. Reynolds found on his arrival in El Paso last week thirty or forty letters from some of the leading banks of the east, solicited the patronage of the First National.

All the ladies who attend the calico ball at Baca Hall on Friday evening next are requested to make a gentleman's neck tie like her dress, put it in an envelope and deliver to Mrs. Treats and Mrs. Rosenwald at the door on said evening. Each gentleman will buy a tie. The lady who wears a tie like the one purchased will honor that gentleman with the first dance.

Only one contractor, Hampson, is at present engaged on the grade of the new New Mexico & Arizona R. R. west from Deming to the Arizona line. Within the next two weeks a large number of graders will be at work. There are two engineering parties in Arizona engaged in locating the line. T. W. Sterritt and John E. Early have charge of the parties.

The resolute miners of the Mineral Hill district have finished the wagon road from the Junction House to the Golden Gate camp and are justly proud of their work. "We are under obligations to no one," said one of their number last evening on the street, "and the boys are proud of it." And well may they be proud of their hard work and enterprise, and if any set of men can bring out a camp it is they.

Chief Engineer Robinson is doing a good work in improving the buildings and ground about the railroad station. Workmen are now engaged in fencing in a little park, about 75 by 50 feet, adjoining the north end of the Depot Hotel. It will be sown with oats, so that it will soon be green, and a small fountain will be set up in the middle. A similar improvement will be made at Lamy Junction.

Gallinas District.

Reports from the new mining district in the Gallinas Mountains are flattering. Last week the prospectors of the Gallinas Mining and smelting company who were the discoverers of the district, struck two new leads. On one of these claims, the "Pride," after digging down about two feet and exposing the ore body good mineral was disclosed. Prof. Robertson assayed the rock and got a return of thirty-five and nine-tenths ounces of silver to the ton and forty per cent copper. From surface rock on the other discovery the "Joker" the professor had a return of ten and one-half ounces in silver, and the ore was strong in copper. The company is now engaged in sinking a thirty foot shaft on the "Deadwood" that gave on the top an assay of about \$110 to the ton. As soon as they get out ten tons of ore from this shaft, that amount will be freighted to Las Vegas, and then shipped to Pueblo for a mill run. If a good showing is made a smelter will at once be erected as the company has the money at hand ready to begin work on the works as soon as the condition of their mines will justify it. Dr. Ed. Morley, who was the leader of the lucky prospectors who made the find, is expected to arrive in this city sometime this week and will bring up a lot of specimens from the different locations.

Star Route Service.

We have learned from a reliable source that the following changes will be made in the Star route service of New Mexico:

The route from Colorado to Silver City is to be abolished and instead thereof a mail service is to be put on from Nutt Station to Hillsborough.

The route from Deming to Silver City is to be continued.

The route from Santa Fe to Fort Wingate is to be abolished and its place supplied by short lines from the A. & P. railroad.

No change will be made in the Las Vegas and Las Cruces line. At least there will be no change in the line as far as Fort Stanton. From that point south the line may possibly be reduced to once a week.

The short line from Las Vegas to Fort Union is to be discontinued.

The two short lines from Trinidad into New Mexico are to be discontinued and their places supplied by routes from Springer or Cimarron.

A new tri-weekly line from Las Vegas to Taos via Mora, is to be established. This route is to connect with the D. & R. G. railroad. This is a very necessary route and when established will bring Las Vegas into direct communication with the rich mining camps northwest of this city.

There was quite a little blockade on the railroad near Fulton on Sunday. In the morning it was discovered that the railroad bridge about a mile the other side of the station was burned. The bridge was sixty feet long and ten feet high and was entirely burned to the ground. A gang of men was sent from Lamy, a special from this city went down with Lahey and his men and another small force picked up. Fortunately a freight train loaded with lumber was intercepted and the work was rushed forward without delay. Work was not begun till 11:15 a. m. and the bridge was so far completed at 1:40 p. m. that the Atlantic Express, that had been waiting several hours was able to cross. Five freight trains crossed within half an hour after the bridge was up. Sparks from a locomotive caused the burning.

O. L. Houghton's new building on Centre St. will be completed in about ten days or two weeks. It is an ornament to the city, and is one of the most substantially built buildings south of Denver. This may be inferred when it is stated that an insurance risk at one and a quarter per cent was written on the building. It is perfectly fire proof. Col. E. D. Locke who has leased the building will soon be ready to move in and will fit up the club rooms on the second story in fine style. The stone walk in front of the building is built in real metropolitan style.

Last week Billy Burbridge telegraphed from San Marcial to Officer Franklin to arrest Frank Hughes, whom he charged of robbing him of \$200. Mr. Franklin made the arrest and Burbridge came to Las Vegas for his man. Judge Steele swore in Burbridge as a special constable in order that he might take Hughes back to San Marcial for trial before the alcalde. He left here on Sunday's train with Hughes, the bracelets being put on in the cars. Yesterday a telegram was received in this city stating that Hughes had jumped the train at Pecos.

Side walks should be our theme now and in the absence of a city government, and any immediate prospect of securing one, we make the proposition to property owners on Main street from the bridge to the plaza to let the street commissioner designate the kind of side walks to be put down, let the contractor for doing it, and charge the property owners according to their frontage on the street. This will put the ball in motion and serve as a sample to the other portions of the town. It will likewise secure uniformity and cost less than if each individual should undertake his own front without reference to others.

Irregular Mails Again.

The south bound train on Sunday again was lacking a postal car. The route agent was compelled to work the mail in a baggage car, the inconveniences of which have so often been noted in the GAZETTE. The agent was crippled for room and had few or no conveniences for working the mail, so that a part of the Vegas mail was carried by. It takes two days to regulate such a break in postal communications, and something should be done to guard against a recurrence of this sort of thing. Were the railway company to keep on hand at La Junta several portable letter cases, then the agent would have some facility offered him in an emergency like that of Sunday, when a postal car could not be provided. Frequently the mail matter on the New Mexico division of the railway mail service going south amounts to 2,300 or 2,400 pounds daily, and an average of 2,000 pounds daily, by actual weight, is handled. No agent can faithfully work a ton weight of mail matter in a baggage car, in the midst of boxes and trunks, and some convenience like a portable letter case should be furnished him.

Explanation.

Your issue of the 25th contains an article relative to the transportation of W. W. Cole's circus from Vegas to Trinidad, reflecting largely upon the dispatchers, and so utterly devoid of truth that I trust that you will give us space to contradict the same. You say the train was side tracked and did not reach Raton until after dinner. The facts are, as shown by the authenticated records kept in the train dispatcher's office, that the first section left Vegas at 12:05, and arrived at Raton at 7:40 a. m.; left Raton at 7:45, arriving at Trinidad at 9:45 a. m.; making an average run of seventeen miles per hour from Vegas to Raton, and a run forty minutes quicker than regular passenger time over the mountain to Trinidad.

This train did not take a side track or enter a switch between Vegas and Trinidad and the only delay was one of fifty minutes at Tipton, waiting for a heavily loaded freight that did not make the running time expected of it. The second section left Vegas at 12:50 a. m. and arrived at Trinidad at 10:55 a. m. was delayed fifty-five minutes at Springer by hot boxes, not by clumsy dispatchers. Both trains arrived at Trinidad in ample time for and gave an afternoon performance, and the manager, Mr. Cole, expressed himself as highly pleased with the run and the careful manner in which his cars and company were handled.

DISPATCHERS.

An enjoyable "little folks' entertainment" was given by Miss Bertie Heise in celebration of her 7th birthday. Our reporter noted present the Misses Lizzie Seymour, Claudia Robbins, Carrie Leon, Hattie Sloan, Ada and Bertie Allen, Abbie and Bessie Stoops, Anita Headley, Lydia and Ollie Mills, Bessie Cooley, Hattie Hutton, Minnie Givens, Mollie Hoffmiller, Bertie and Blanche Heise; Masters Ora Robbins and Carl Hoffmiller. Mrs. Heise was assisted in serving the little ones by Madams Hutton, Garrard, Little, and Miss John Robertson. Miss Bertie was the recipient of the following beautiful and useful presents: A set of China dishes and Japanese pen box, by Hattie Mendenhall; a school satchel, Nellie Hoffmiller; pair vases, Minnie Givens; silk mittens and fan, Hattie Hutton; silver wire work basket, Bertie Allen; Sallie and Ora Robbins. China cup; Claudia Robbins, portmanteau; Lizzie Seymour, bottle cologne; Abbie Stoops; pair vases, Ada Allen; handkerchief pocket, Willie Mills; coffee mill (toy), Nettie Sloan; cambrie handkerchief, Bessie Stoops; wax doll, Bessie Cooley; pair scissors, Mrs. Garrard; coral necklace, Carrie Leon, package fancy candy, Mrs. Prof. Robertson; pen knife, Rachie Sulzbacher; story book, Mrs. Campbell. Mrs. John Robertson sang and played sweetly for the company; after eating as much ice cream, cake and candy, washed down with iced lemonade, the little ladies and gents left for their homes, wishing Miss Bertie many returns of as pleasant birthdays as does the GAZETTE.

Marwede, Brumley & Co. beg leave to announce that they have received the agency of the North German, Lloyd Steamship Company who ply their steamers between New York and Bremen, Germany. M. B. & Co. also issue tickets to London and Havre and beg the public to pay special attention to the prepaid tickets, that is if any person wants his relatives or friends to come out here we can sell a ticket for the trip from the interior of Germany to Bremen, from Bremen to New York and from New York out here at reduced rates.

Cady, one of the cow boys reported in Sunday's issue as having created a disturbance on the west and east side on Saturday night by discharging their revolvers in the street, was yesterday fined \$50 and costs for his lark.

Perdido.

Una bolsa colorada baquete conteniendo un poco dinero y algunos papeles de valor. Una recompensa liberal sera pagada por el retorno del mismo por J. H. OVERHILL, East Las Vegas.

Beautiful fans at Charles Ilfeld's.

PERSONAL.

Geo. Moore is up from Wallace. J. Rutledge, Glorieta, is at the Summer.

Robt. Mingus is stopping at the St. Nicholas.

Louis Sulzbacher came up from Santa Fe Sunday.

Hon. M. A. Otero came up from the south yesterday.

E. W. Parker, the mail contractor is back from St. Louis.

John Bostwick Esq., came up from Kingman on yesterday's train.

Mr. A. Gaperly, manager for Walsen & Levy, at Pecos, is in the city.

Henry Yates will start to-morrow for a visit to his old home in Missouri.

W. Calhoun and J. L. Holland, of Cimarron, are stopping at the Summer House.

Conductor Ed. Ruby left on yesterday's train for Lafayette Indiana, for several weeks visit.

Wm. Kramer, of Lexington, Mo., has favored us with late copies of the Lexington Intelligencer.

H. C. Keller, of Leavenworth, Ks., general agent of the Star and Union Insurance Company, is in the city on business.

Col. J. A. Wisner, wife and daughter arrived from the east Sunday. They went out to the Hot Springs yesterday forenoon.

John Connors, a shoemaker formerly employed at the Chicago shoe store, is in a critical condition. He has had three or four hemorrhages, and is nearly a skeleton.

Mrs. John A. Daly, wife of the chief of the draughting department of Chief Engineer Robinson's office, arrived from the East last night accompanied by two children.

Charlie, Prindle, night clerk at the Depot Hotel, slyly slipped off on Sunday's Atlantic express, and the boys all mistrust that when he returns it will be his wedding journey.

Mr. and Mrs. A. A. Senecal returned Saturday from their wedding tour to Canada and the States. They had a most enjoyable visit among friends and relatives in Canada. They left Montreal for home on the 20th.

Dr. Heddens and Judge O. M. Spencer, of St. Joe, Mo., left Santa Fe for their homes yesterday. "Doc" evidently made an impression while on this trip, for people in Santa Fe are wondering what he did with a pair of mockingbirds, and he is remembered at the Depot Hotel at Lamy on account of "H. & H."

Victor Mechel, of Cimarron, commonly known as "Frenchy," is in town. He has obtained the contract for carrying the mail from Cimarron to Springer, and has come to our city to purchase stock with which to operate the line. Mr. Mechel is a hard worker, and well deserves his success in obtaining this contract.

Tom Hughes, the energetic and enterprising editor of the Albuquerque Journal, is in the city. He is here for the purpose of giving our wholesale merchants an opportunity to advertise in the premium list of the Albuquerque fair, which he will publish. He will confine his attentions principally to wholesale merchants, believing that an edition of five thousand, which will be distributed throughout the Territory, will do them good. Las Vegas, Kansas City and Denver, will be the principal wholesaling points to be visited by canvassing agents for the enterprise.

HOTEL ARRIVALS.

GRAND VIEW.

H. M. Sault and wife, Lawrence, Kan.; J. B. Page, John Shaffer, D. W. McKay, city; C. W. Power, Clinton Mo.; H. L. Grimshaw, C. W. Cowgill, Deming; W. Goodell, San Francisco; J. T. O'Connor, Pueblo, Col.; Miss Hattie Manning, Raton; J. Dorem, Raton.
